The Time Traveler's Guide to Regency Britain Feb 13 2021 A vivid and immersive history of Georgian England that gives its reader a firsthand experience of life as it was truly lived during the era of Jane Austen, Percy Bysshe Shelley, and the Duke of Wellington. This is the age of Jane Austen and the Romantic poets; the paintings of John Constable and the gardens of Humphry Repton; the sartorial elegance of Beau Brummell and the poetic licence of Lord Byron; Britain's military triumphs at Trafalgar and Waterloo; the threat of revolution and the Peterloo massacre. In the latest volume of his celebrated series of *Time Traveler's Guides*, Ian Mortimer turns to what is arguably the most-loved period in British history: the Regency, or Georgian England. A time of exuberance, thrills, frills and unchecked bad behavior, it was perhaps the last age of true freedom before the arrival of the stifling world of Victorian morality. At the same time, it was a period of transition that reflected unprecedented social, economic, and political change. And like all periods in history, it was an age of many contradictions—where Beethoven's thundering Fifth Symphony could premier in the same year that saw Jane Austen craft the delicate sensitivities of *Persuasion*. Once more, Ian Mortimer takes us on a thrilling journey to the past, revealing what people ate, drank, and wore; where they shopped and how they amused themselves; what they believed in, and what they were afraid of. Conveying the sights, sound, and smells of the Regency period, this is history at its most exciting, physical, visceral—the past not as something to be studied but as lived experience.

The Time Traveler's Guide to Restoration Britain Sep 30 2019 Imagine you could see the smiles of the people mentioned in Samuel Pepys's diary, hear the shouts of market traders, and touch their wares. How would you find your way around? Where would you stay? What would you wear? Where might you be suspected of witchcraft? Where would you be welcome? This is an up-close-and-personal look at Britain between the Restoration of King Charles II in 1660 and the end of the century. The last witch is sentenced to death just two years before Isaac Newton's Principia Mathematica, the bedrock of modern science, is published. Religion still has a severe grip on society and yet some—including the king—flout every moral convention they can find. There are great fires in London and Edinburgh; the plague disappears; a global trading empire develops. Over these four dynamic decades, the last vestiges of medievalism are swept away and replaced by a tremendous cultural flowering. Why are half the people you meet under the age of twenty-one? What is considered rude? And why is dueling so popular? Mortimer delves into the nuances of daily life to paint a vibrant and detailed picture of society at the dawn of the modern world as only he can.

The Time Traveller's Guide to Restoration Britain Apr 17 2021 The past is a foreign country: this is your guidebook. If you could travel back in time, the period from 1660 to 1700 would make one of the most exciting destinations in history. It is the age of Samuel Pepys and the Great Fire of London; bawdy comedy and the libertine court of Charles II — the civil wars are over and a magnificent new era has begun. But what would it really be like to live in Restoration Britain? Where would you stay and what would you eat? How much should you pay for one of those elaborate wigs? Should you trust a physician who advises you to drink fresh cow's urine to cure your gout? Why are boys made to smoke in school? And why are you unlikely to get a fair trial in court? The third volume in the series of Ian Mortimer's bestselling Time Traveller's Guides answers these crucial questions and encourages us to reflect on the customs and practices of daily life. This unique guide not only teaches us about the seventeenth century but makes us look with fresh eyes at the modern world.

Wilderness Time Mar 17 2021 Time in "the wilderness" -- solitary meditation on simplicity, prayer, and other key disciplines of faith -- is directly in keeping with Jesus' example of going apart to pray. Now, with the clarity and encouragement that distinguish the *Renovaré* collection of spiritual resources, this gentle guide to retreat unshrouds that historical tradition -- and so reveals marvelous opportunities for spiritual renewal in contemporary Christian practice. Helping us to create self-guided retreats -- for individuals or groups -- Emilie Griffin offers plans, encouragements, and suggestions based on her own experience and fortified by the inspiring words of contemporary Christian writers such as Eugene Peterson, Luci Shaw, and Virginia Stem Owens. A virtual primer for retreat, this volume defines the basics and provides practical tips on setting realistic expectations and on achieving the relaxation and freedom necessary for the soul to become, in the words of de Caussade, "light as a feather." A detailed one-day retreat makes an ideal model for first-timers, and several different examples illustrate how time in the wilderness can be both accessible and wonderfully illuminating -- no matter what your schedule. *Wilderness Time* is another balanced, practical strategy from *Renovaré* helping us grow closer to God.

Time Nov 05 2022 Why are there morning people and night people? How come time flies when you're having fun and three minutes can sometimes seem an eternity? Would time exist if we didn't measure it and why is there never enough of it? Our modern lives are ruled by minutes and hours. We race from one thing to the next, all of us believing on some level that a mysterious cosmic force called time is ticking on. And it's always in short supply. But is the time we live really like that? Could there in fact be another, alternative version, entwined with the official one? Here Stefan Klein explores the hidden dimensions of time, looking at everything from when the present becomes the past to the tribe that see the future backwards, from when sex is best to why the years seem to speed by as we age. And he reveals how we can learn to live in harmony with the secret clock within us, altering our perceptions to transform our lives. To be

enjoyed in the morning or the evening (depending on your body clock), this book will make you think the next time you check your watch and maybe even slow down a little.

We're All Doing Time is an interfaith text - "a guide to getting free" - acclaimed by prison staff and prisoners alike as one of the most helpful books ever written for true self-improvement and rehabilitation. Few books have crossed religious, ethnic, cultural and economic lines with such a clear and simple, immediately useful expression of ageless spiritual truths. It is written for incarcerated people, prison guards and all people living within their own personal prisons. All proceeds support the Prison-Ashram Project, which sends these books free to prisoners for 40 years now.
