The Daily Guide Jun 28 2022 Included in The Daily Guide is everything you need to be guided in your day to day walk with God in His Word; thats why the book is called what it is! Interested in spending more time in prayer? Open it to the prayer section and begin to develop a closer dialog with God. If youre curious about what the Word says about your identity in Christ, depression or other topics, theres a devotional for exactly the challenge youre facing. In the Bible, Paul was on the road to Damascus when he saw a bright light and heard the voice of God. Those traveling with him saw the light, but did not hear Gods voice. You may see the light of Gods Word written, but can you hear the voice behind it? Your ability to hear from God is crucial to experiencing success, deliverance and manifestations. The Daily Guide is designed for you to not only hear, but have confidence in the voice of God. Psalm 29:1-5 says that when you hear and obey the voice of God, there are no obstacles that can stand in your way. The Bible is Gods Word that came from His voice. You must know Gods written Word in order to understand His spoken Word. This is why The Daily Guide is filled with the Word of God, but reading the scriptures alone wont bring deliverance, results or manifestation. The Daily Guide is meant to give you understanding and clarity of the Word of God, which is the door that leads you into the secret things of God. When you meditate on the Word, God will speak. Like Paul, when you hear the voice of God and dont just see the light, your life will change forever.

The Apocrypha #5 Oct 09 2020 The New Testament Apocrypha are a number of writings by early

Christians that give accounts of Jesus and his teachings, the nature of God, or the teachings of his apostles and of their lives. These writings often have links with the books generally regarded as "canonical" but Christian denominations disagree on which writings should be regarded as "canonical" and which are "apocryphal". Definition. The word "apocrypha" means "things put away" or "things hidden" and comes from the Greek through the Latin. The general term is usually applied to the books that were considered by the church as useful, but not divinely inspired. As such, to refer to Gnostic writings as "apocryphal" is misleading since they would not be classified in the same category by orthodox believers. Often used by the Greek Fathers was the term antilegomena, or "spoken against", although some canonical books were also spoken against, such as the Apocalypse of John in the East. Often used by scholars is the term pseudepigrapha.
