The Way of Complete Perfection Aug 29 2019 An anthology of English translations of primary texts of the Quanzhen (Complete Perfection) school of Daoism.

Re-orienting Cuisine Dec 02 2019 Foods are changed not only by those who produce and supply them, but also by those who consume them. Analyzing food without considering changes over time and across space is less meaningful than analyzing it in a global context where tastes, lifestyles, and imaginations cross boundaries and blend with each other, challenging the idea of authenticity. A dish that originated in Beijing and is recreated in New York is not necessarily the same, because although authenticity is often claimed, the form, ingredients, or taste may have changed. The contributors of this volume have expanded the discussion of food to include its social and cultural meanings and functions, thereby using it as a way to explain a culture and its changes.

The Valley Spirit Sep 10 2020 A young woman, Lindsey Wei, graduates from high school in America and sets out to find her roots in China, questing for who she is and where her life path belongs. She discovers in herself a skill for martial arts and seeks the hidden knowledge of meditation. After three years of study in various martial styles and unveiling false teachers, she is finally led to the ancient Wudang Mountains. Here she meets a Daoist recluse, Li Shi Fu, who has renounced the world of the 'red dust' and long since retired into an isolated temple to cast oracles and read the stars. The coming together of these two extraordinary characters, master and disciple, begins a spiritual relationship taking the young adept on an unforgettable journey through the light and dark sides of modern China and deep into

herself. Battling between earthly desires and heavenly knowledge, she makes the transformation into a dynamic and complete woman. A coming-of-age, personal account, the book describes the lived experiences of a profoundly sincere, bitter yet ultimately liberating female quest. It is written for anyone who ponders the true meaning of Chinese wisdom and the way of the Dao in the hope of discovering a deeper strength within themselves.

Floating on a Malayan Breeze Jun 27 2019 What happens after a country splits apart? Forty-seven years ago Singapore separated from Malaysia. Since then, the two countries have developed along their own paths. Malaysia has given preference to the majority Malay Muslims—the bumiputera, or sons of the soil. Singapore, meanwhile, has tried to build a meritocracy—ostensibly colour-blind, yet more encouraging perhaps to some Singaporeans than to others. How have these policies affected ordinary people? How do these two divergent nations now see each other and the world around them? Seeking answers to these questions, two Singaporeans set off to cycle around Peninsular Malaysia, armed with a tent, two pairs of clothes and a daily budget of three US dollars each. They spent 30 days on the road, cycling through every Malaysian state, and chatting with hundreds of Malaysians. Not satisfied, they then went on to interview many more people in Malaysia and Singapore. What they found are two countries that have developed economically but are still struggling to find their souls.

Magic, Monsters, and Make-Believe Heroes Apr 29 2022 *Magic, Monsters, and Make-Believe Heroes*

looks at fantasy film, television, and participative culture as evidence of our ongoing need for a mythic vision—for stories larger than ourselves into which we write ourselves and through which we can become the heroes of our own story. Why do we tell and retell the same stories over and over when we know they can't possibly be true? Contrary to popular belief, it's not because pop culture has run out of good ideas. Rather, it is precisely because these stories are so fantastic, some resonating so deeply that we elevate them to the status of religion. Illuminating everything from Buffy the Vampire Slayer to Dungeons and Dragons, and from Drunken Master to Mad Max, Douglas E. Cowan offers a modern manifesto for why and how mythology remains a vital force today.

The Journey to the West, Revised Edition Apr 17 2021 Anthony C. Yu's translation of The Journey to the West, initially published in 1983, introduced English-speaking audiences to the classic Chinese novel in its entirety for the first time. Written in the sixteenth century, The Journey to the West tells the story of the fourteen-year pilgrimage of the monk Xuanzang, one of China's most famous religious heroes, and his three supernatural disciples, in search of Buddhist scriptures. Throughout his journey, Xuanzang fights demons who wish to eat him, communes with spirits, and traverses a land riddled with a multitude of obstacles, both real and fantastical. An adventure rich with danger and excitement, this seminal work of the Chinese literary canon is by turns allegory, satire, and fantasy. With over a hundred chapters written in both prose and poetry, The Journey to the West has always been a complicated and difficult text to render in English while preserving the lyricism of its language and the content of its plot. But Yu has successfully taken on the task, and in this new edition he has made his translations even more accurate and accessible. The explanatory notes are updated and augmented, and Yu has added new material to his introduction, based on his original research as well as on the newest literary criticism and scholarship on Chinese religious traditions. He has also modernized the transliterations included in each volume, using the now-standard Hanyu Pinyin romanization system. Perhaps most important, Yu has made changes to the translation itself in order to make it as precise as possible. One of the great works of Chinese literature, The Journey to the West is not only invaluable to scholars of Eastern religion and literature, but, in Yu's elegant rendering, also a delight for any reader.

What the Emperor Built Mar 17 2021 One of the most famous rulers in Chinese history, the Yongle emperor (r. 1402–24) gained renown for constructing Beijing's magnificent Forbidden City, directing ambitious naval expeditions, and creating the world's largest encyclopedia. *What the Emperor Built* is the first book-length study devoted to the architectural projects of a single Chinese emperor. Focusing on the imperial palaces in Beijing, a Daoist architectural complex on Mount Wudang, and a Buddhist temple on the Sino-Tibetan frontier, Aurelia Campbell demonstrates how the siting, design, and use of Yongle's palaces and temples helped cement his authority and legitimize his usurpation of power. Campbell offers insight into Yongle's sense of empire—from the far-flung locations in which he built, to the distant regions from which he extracted construction materials, and to the use of tens of thousands of craftsmen and other laborers. Through his constructions, Yongle connected himself to the divine, interacted with his subjects, and extended imperial influence across space and time. Spanning issues of architectural design and construction technologies, this deft analysis reveals remarkable advancements in timber-frame construction and implements an art-historical approach to examine patronage, audience, and reception, situating the buildings within their larger historical and religious contexts.

Diablo III: The Order Apr 05 2020 Deckard Cain made his way across the floor, following the footprints to an alcove in the far wall. Rotted boards clung to supports, the last remains of an ancient library. This had been a ritual chamber, many centuries before, used to summon things from beyond the human world. A portal to the Burning Hells themselves, perhaps. The shelves were empty now. He saw a speck of yellow underneath a splinter of wood and bent to pick up a corner of parchment paper, curled and speckled with mildew. Something moved in the shadows to his right. He whirled, holding the light up. For a moment it appeared as if the shadows themselves were alive, bunching and swirling like ink in water. At the same time, a voice like the distant moan of wind drifted through the empty room and raised

the hairs on the back of his neck. “Deckaaaaarrddddd Caiiiiiinnnn . . .” Cain felt a strange doubling, a memory of a night many years before, when he was just a boy. A whispered voice calling to him, just like this. He backed away, fumbling in his rucksack with one hand, holding the lighted staff with the other against the darkness. Already he was doubting himself: had it just been the wind moving through the broken remains of the building above him, a trick his mind had played after so long in the sun? The voice came again, a sound like bones scraping together in the grave. “Your ghosts are many, old man, and they are active.” A grating of metal over rock seemed to come from everywhere at once. Once again a pool of black smoke thickened and then dissipated, only to reassemble somewhere else: a shape carrying a sword, the form of a man, but with eyes that glowed red with the fires of hell. Cain knew what this was, yanked from the depths of his own mind and used against him: the image of the Dark Wanderer himself, conjured up to weaken his resolve. The smoke-shape swirled and shifted, reforming into two indistinct human shapes, one taller and clearly female, one small and delicate. Shock raced through Cain’s limbs as an older, familiar memory fought to surface. He closed his eyes against the darkness as the yawning pit of despair opened within him, threatening to pull him in. You must not listen. *** Deckard Cain is the last of the Horadrim, the sole surviving member of a mysterious and legendary order. Assembled by the archangel Tyrael, the Horadrim were charged with the sacred duty of seeking out and vanquishing the three Prime Evils: Diablo (the Lord of Terror), Mephisto (the Lord of Hatred), and Baal (the Lord of Destruction). But that was many years ago. As the decades passed, the Horadrim’s strength diminished, and they fell into obscurity. Now all of their collected history, tactics, and wisdom lie within the aged hands of one man. A man who is growing concerned. Dark whisperings have begun to fill the air, tales of ancient evil stirring, rumblings of a demonic invasion set to tear the land apart. Amid the mounting dread, Deckard Cain uncovers startling new information that could bring about the salvation—or ruin—of the mortal world: other remnants of the Horadrim still exist. He must unravel where they have been and why they are hiding from one of their own. As Cain searches for the lost members of his order, he is thrust into an alliance with an unlikely ally: Leah, an eight-year-old girl feared by many to carry a diabolical curse. What is her secret? How is it tied to the prophesied End of Days? And if there are other living Horadrim, will they be able to stand against oblivion? These are the questions Deckard Cain must answer before it is too late.
