Principles of Ashtakvarg Nov 09 2020 Our ancient sages (Rishis) have introduced such a fine method in Horashastra that can help us find out the benignity and malignity of planets and their influence on the life of mankind. They produced a system that can be helpful in finding out the lines and points. The system is called Ashtakavarga. By this system it is easy to find the good and evil effects of the deeds of a man. Even a learned and well-educated astrologer cannot attain the desired success without the knowledge of Ashtakavarga. It is not possible to find out the benefic and malefic results caused due to the merits and demerits of the horoscope of a person without the knowledge of Ashtakavarg. The author of this book had started studying the system some twenty years back and came to the conclusion that there is no system better than this that could make an accurate prediction. By Ashtakavarga, all the malefic and benefic outcome of the deeds of a man can be found out scientifically. With the help of this system a minute prediction can be cast. A fine theory of the relation between individual and society is applicable on this system. There can be some differences on the results predicted by Vimshothari and transit on the basis of planets and houses, on signs and ascendants. In these circumstances, how can a true prediction be made? That is why, the ancient astrologers have advised to use the Ashtakavarga system. It is very hard to find out the effects, time and nature of a planet by the common theories of Falit, but by this system, this is possible. For instance, a planet will enhance the influence related to its own house if it is conjoined with or aspected by benefic planets while situated in own, exalted or friendly sign. This is a widely accepted theory. But the question is what enhancement will take place in the sphere of the said aspect by that particular planet i.e. what will be the ratio of the benefic and malefic results? It is in this regard that the Ashtakavarga system is considered to be very authentic and decisive. With its help, prediction regarding the ratio of gains, auspicious directions, gains from brothers, results of planets in transit etc. and the age, wealth, education, wisdom, relation between husband and wife, happiness, property, land, vehicle and deeds of a man can be made easily.

Dots of Destiny Jun 28 2022 First ever book on Advanced Predictive Techniques of Ashtakavarga (Vedic Astrology) which leads the student step-by-step to the application of Ashtakavarga for everyday predictions. Reveals the decisive role of Ashtakavarga in analysing the dreaded period of sadhe-sati and much more. Vinay Aditya is the Associate editor of the 'Vedic Astrology' magazine, and author of a book on Ashtakavarga. Vinay Aditya holds a degree in engineering besides Jyotish Visharad from Bharatiya Vidya Bhawan, New Delhi. He has been teaching astrology for nearly 8 years, now with the ICAS. He has also been the faculty member at the ACVA conferences. He has given consultations to over thousand persons in Germany. Dots of Destiny describes advanced predictive techniques in a very lucid manner. Vinay Aditya, an engineer by education, opted for the highly evolved science of Vedic Astrology in India. Interestingly, also came across many articles by by Aditya, Vinay in 'Vedic Astrology' magazine. Great reading to all interested in Vedic Astrology and ancient predictive techniques of India. Basic knowledge of Vedic Astrology is a prerequisite to understand and enjoy reading Dots of Destiny. The entire edifice of astrology rests on the interpersonal play of planets in the backdrop of zodiacal signs. Ashtakavarga is the only method which puts this interplay into a competent system. A planet will do a job according to its strength. The other methods Shadbala (Parashari), Panchavargiya bala (Tajik), or Grahabala (Jaimini), have their own specific value, but they all seem to miss a very important point. And that is, that a planet does not operate in a vacuum, the other six planets are always somewherearound. Therefore, a planet will do a job only in as much measure as the other planets would allow it to do. The other planets either support its assignment or oppose it. In a nutshell, the native, at all times, experiences the combined results of all the planets. It is only a manner of speech amongst astrologers that a particular planet is causing trouble or otherwise because talking of all the seven planets in the same breath is difficult. It is for this reason that the Ashtakavarga system, when we say that Jupiter is powerful because it has 7 Bhinnashtaka bindus, or 42 Sarvashtaka bindus in a sign, what we mean is, that all the

planets have gathered together to invest into Jupiter this power. In no other branch of astrology this truly democratic approach is visible so clearly. If there is any sanctity or rationale of Ashtakavarga in the birth chart, it ought to be explored in other charts too, since in all the charts, it is always the interplay of planets with each other that causes events. Whether the results of this exploration are acceptable to the astrologers, by and large, will depend on successful predictions made by the explorers using Ashtakavarga techniques. If and when a sufficient statistical proof is available, then these techniques may be inducted into astrological dicta of the present times. Ashtakavarga seems to be progressively getting out of bounds for those orthodox astrologers who, before they accept an astrological idea, keep propping up the refrain, "Where is it written in the classics?"

Phaldeepika Apr 02 2020 Mantreswar was the greatest astrologer of the 12th century from the South of India. He compiled in Sanskrit the principles of Predictive Astrology propagated by Maharshi Parashar, Jaimini and various other great astrologers in his famous work Phaldeepika. This is one of the best books on Predictive Astrology. It includes the essence of Parashar, Jaimini and many more masters. Four hundred and fifty Yogas of Bhavartha Ratnakar of Shri Ramanuja have been added to benefit the title Phaldeepika; Bhavartha Bodhini. The 28 chapters in the book cover various topics: the characteristics, house divisions, strength of planets, career, various yogas, raja yogas, marriage, children, longevity, periodic influence of planets, the effect of transits and ashtakvargas. The 11th chapter exclusively deals with the nativity of women; the 22nd chapter gives the interpretations and calculation of the Kalachakra dashas. Miraculous Astrology Aug 26 2019 There are several books written by eminent writers on this subject but there is not a single book which has covered all technical and scientific information and observation experienced by modern scientist of the Era like 'Hippocrate' (father of the medicines), Dr. William Mckay Davidson M.D. of Chicago, Dr. Kirillian of Russia, Upanishads of India (a great scientific book of ancient time which is a challenge to medical sciences and modern researchist and many more). It was therefore my strong desire to produce such a work on this subject of 'Astrology which would be completed in all respect and there would arise no necessity of referring to any other book on this subject.

Brihat Parasara Hora Sastra Volume 2 Mar 14 2021 The most ancient scripture giving the very fundamental principles of vedic astrology as expounded by Maharishi Parasara versatile, and yet compact to comprehend. It touches upon the very basic as well as complexed dimensions of astrology. Also deals with every perceptible event, subject and attribute. It is for these special features that it is reckoned as the fountain head of vedic astrology.

Parashar Hora Vol 2 Dec 11 2020 This is Volume 2 of a total 2 volumes of this Title. The special focus of this book is to make the ardent readers aware of the salient features of this Vedic text on astrology and how it is distinct from the other transcripts on the subject, available thus far. Great concerted efforts were made to collect, collate and combine all the available manuscripts and other related published material contributed by the eminent contemporary writers and commentators and then the sequence of subject matters is aligned to make it comprehensible and authentic. The name of this holistic text is also as per the ancient statement and record, namely 'Parasara Hora'. This book adduces certain critical and important features which were never attempted before. This book in one hundred chapters falls in line with the description or narration: "???? ?????? ??? ???? ??????" verse as appeared in the Uttara Khanda of the text collated by Shridhar. Amongst the other contemporary writers of such treatise, Sitaram Jha, Devchandra Jha, Tarachand Shastri to name a few, have formatted this text covering between 71 and 101 chapters, but in most of the cases 20 odd chapters were not from 'Hora Shastra'. These details are available in the introductory note: 'The specialties of this book'. This note also minutely explains the deletion of inapt Shlokas, the addition of relevant Shlokas and also some Shlokas have been rearranged purposefully so are the chapters. Besides, the treatment of some of the subjects is so unique that will fill the void for the readers to experience. These 20 odd supplementary researched chapters culled out of the published and manuscript materials are unavailable in any text of the Brihat Parasara Hora Shastra (BPHS) of the present time. Trust with this value addition, the esteem readers will get immensely benefited.

Saravali Aug 31 2022 Kalyana Varma, the famous author Saravali belonged to the 10th century AD. He was the king of a place called Vyaghrapada, believed to be somewhere in Madhya Pradesh. From the verses in this work it is obvious that he has studied the works of Parashara, Varahamihira and Yavana etc before him, and as he felt that they were too brief, he decided to elaborate the principles. Saravali indeed is a monumental work and the study of it is a must for the serious students of astrology.
