The Challenges of High Command Jun 27 2019

The command and control of military operations is a difficult art. The Challenges of High Command explores British ideas of how this should be done and, with the guidance of some of Britain's leading military historians, looks at the practicalities of British experience in the First and Second World Wars. The contributors

cast new light on themes as diverse as the trench warfare of the First World War, the conduct of the Gallipoli and Norway campaigns, and the command performance of Bomber Harris and Bill Slim. The Challenges of High Command concludes with a major review of how military operations should be conducted in the new political and technological conditions of today and includes an informal and frank commentary by General Sir Mike Jackson on his experience in Bosnia and Kosovo.

Pequeno Manual de Candidatura Política

Mar 05 2020 O sistema eleitoral que Cicero (106 a. C.-43 a. C.) conheceu nas ultimas decadas da Republica romana e bastante diferente do nosso, mas os principios que regem uma campanha eleitoral permanecem os mesmos: assegurar o sustento das pessoas influentes e conciliar a massa dos eleitores, manipulando-os com

subtileza e de forma ardilosa. No Pequeno Manual de Candidatura Politica, obra redigida em 64-65 a.C., aquando da disputa do irm?o, Marco Cicero, por um lugar no Senado, Quinto Cicero indica o caminho que qualquer candidato deve seguir de forma a atingir o seu objetivo e fornece para tal conselhos precisos e metodicos. Este pequeno tratado chegou ate nos como sendo um esboco das linhas fundamentais de uma campanha eleitoral perfeita.
