Pedagogical Explorations in a Posthuman Age

Sep 19 2021 This book problematizes the role of education in an increasingly mediatized world through the lenses of creativity, new media, and consumerism. At the core of the issue, the author argues, creativity in art education is being co-opted to serve the purposes of current economic trends towards designer capitalism. Using an East

meets West approach, jagodzinski draws on Deleuze and Guattarian philosophy to explore visual and popular culture in Korean society, addressing the tensions that exist between designer education and art that explores the human condition. In doing so, he challenges art educators to envision a new paradigm for education which questions established media ontologies and

incorporates new ways to confront the crisis of the Anthropocene. *Ch'ujök Kim Ki-rim* Feb 10 2021 *Transgression in Korea* Jan 30 2020 Since the turn of the millennium South Korea has continued to grapple with transgressions that shook the nation to its core. Following the serial killings of Korea's raincoat killer, the events that led to the dissolution of the United Progressive Party, the criminal negligence of the

owner and also the crew members of the sunken Sewol Ferry, as well as the political scandals of 2016, there has been much public debate about morality, transparency, and the law in South Korea. Yet, despite its prevalence in public discourse, transgression in Korea has not received proper scholarly attention. Transgression in Korea challenges the popular conceptions of transgression as resistance to authority, the collapse of morality, and an attempt at self-empowerment. Examples of transgression from premodern, modern, and contemporary Korea are examined

side by side to underscore the possibility of reading transgression in more ways than one. These examples are taken from a devotional screen from medieval Korea, trickster tales from the late Choson period, reports about flesheating humans, newspaper articles about same-sex relationships from colonial Korea, and films about extramarital affairs, wayward youths, and a vengeful vigilante. Bringing together specialists from various disciplines such as history, art history, anthropology, premodern literature, religion, and film studies, the context-

sensitive readings of transgression provided in this book suggest that transgression and authority can be seen as forming something other than an antagonistic relationship. [Directory of Officials of the Democratic People's Republic of Korea](#) Jul 18 2021 [Kim Ki-young](#) Aug 31 2022 Film Studies. Asian Studies. Kim Ki-young is often acclaimed as an auteur whose films seem to contain new scenes every time you watch them. Though he was a leading director with unique artistic style and provocative themes in the 1960s, the first Golden Age of

Korean films, he went into a long slump with the stagnation of the Korean film industry after the 70s and his films became almost forgotten. It was emerging cinephiles of early 90s that "rediscovered" him and his works. Kim's unfamiliar, strange and subversive films made deep impressions on these cinephiles, some of whom have become major figures representing Korean films today such as Park Chan-wook and Bong Joon-ho. Also international film circles began paying attention to Kim through the Retrospective at the Pusan International

Film Festival in 1997. This book is a collaborative work of leading film critics under the editorship of Kim Hong-joon, who is a film director himself and has organized international retrospectives on the old master. As the first English book on Kim Ki-young, it will serve as a guiding light that focuses more eyes on Kim Ki-young and the classical films of Korea.

Pacific Rim Modernisms May 16 2021 Pacific Rim Modernisms explores the complex ways that writers, artists, and intellectuals of the Pacific Rim have contributed to modernist culture, literature, and

identity.

Kim Ki-duk Nov 02 2022 This study investigates the controversial motion pictures written and directed by the independent filmmaker Kim Ki-duk, one of the most acclaimed Korean auteurs in the English-speaking world. Propelled by underdog protagonists who can only communicate through shared corporeal pain and extreme violence, Kim's graphic films have been classified by Western audiences as belonging to sensationalist East Asian "extreme" cinema, and Kim has been labeled a "psychopath" and "misogynist" in

South Korea. Drawing upon both Korean-language and English-language sources, Hye Seung Chung challenges these misunderstandings, recuperating Kim's oeuvre as a therapeutic, yet brutal cinema of Nietzschean resentment (political anger and resentment deriving from subordination and oppression). Chung argues that the power of Kim's cinema lies precisely in its ability to capture, channel, and convey the raw emotions of protagonists who live on the bottom rungs of Korean society. She provides historical and postcolonial readings of

victimization and violence in Kim's cinema, which tackles such socially relevant topics as national division in *Wild Animals* and *The Coast Guard* and U.S. military occupation in *Address Unknown*. She also explores the religious and spiritual themes in Kim's most recent works, which suggest possibilities of reconciliation and transcendence. **Cine-Ethics** Dec 31 2019 This volume looks at the significance and range of ethical questions that pertain to various film practices. Diverse philosophical traditions provide useful frameworks to discuss spectators' affective

and emotional engagement with film, which can function as a moral ground for one's connection to others and to the world outside the self. These traditions encompass theories of emotion, phenomenology, the philosophy of compassion, and analytic and continental ethical thinking and environmental ethics. This anthology is one of the first volumes to open up a dialogue among these diverse methodologies. Contributors bring to the fore some of the assumptions implicitly shared between these theories and forge a new relationship between them in

order to explore the moral engagement of the spectator and the ethical consequences of both producing and consuming films

The Korean Workers' Party Nov 29 2019

Korean Shamanism Apr 14 2021 Title first published in 2003. Shamanism has a contradictory position within the Korean cultural system, leading to the periodical suppression of shamanism yet also, paradoxically, ensuring its survival throughout Korean history. This book examines the place of shamans within contemporary society as a cultural practice in which people make use of shamanic ritual and disputing the

prevalent view that shamanism is 'popular culture', a 'women's religion' or 'performing arts'. Directly confronting the prejudice against shamans and their paradoxical situation in a modern society such as Korea, this book reveals the cultural discrepancy between two worlds in Korean culture, the ordinary world and the shamanic world, showing that these two worlds cannot be reconciled. This unique study of shamanism offers a significant contribution to growing studies in indigenous anthropology and indigenous religions, and provides a

captivating read for a wide range of readers through retelling the stories-never-to-be-told involving shamanic ritual.

Spiritualism and Realism. The Representation of Violence in Kim Ki-duk's Movies May 28 2022 Thesis (M.A.) from the year 2020 in the subject Film Science, grade: 5/5, Eötvös Loránd University (Faculty of Humanities), course: Thesis, language: English, abstract: This research opens up a critical discussion regarding the representation of violence through spiritualism and realism in Kim Ki-duk's movies. It will project the similarities as well as the

dissimilarities between Kim Ki-duk and Martin Scorsese based on spirituality in correspondence to the use of realism in a cinematic style. This sheds a light on the significances of portraying their cultural and political ideologies. Kim Ki-duk's effort is to portray spiritualism and realism; Kim Ki-duk does this by depicting Christianity along with Confucianism, Buddhism, and the practice of silence, in addition to his adaptation of minimalistic style to portray violence. As a result, this research will conclude that Kim Ki-duk is a unique consequential illustrator of South Korea by

translating realism in a symbolic manner, which will prove him an auteur.

A Concise History of Korea Jul 06

2020 Now in a fully revised and

updated edition

including new

primary sources

and illustrations,

this comprehensive

book surveys

Korean history from

Neolithic times to

the present.

Michael J. Seth

explores the origins

and development of Korean society,

politics, and still

little-known

cultural heritage

from their inception

to the two Korean

states of today.

Telling the

remarkable story of

the origins and

evolution of a

society that

borrowed and

adopted from

abroad, Seth

describes how

various tribal

peoples in the

peninsula came

together to form

one of the world's

most distinctive

communities. He

shows how this

ancient, culturally

and ethnically

homogeneous

society was

wrenched into the

world of late-

nineteenth-century

imperialism, fell

victim to Japanese

expansionism, and then became

arbitrarily divided

into two opposed

halves, North and

South, after World

War II. Tracing the

post-war years

since 1945, the

book explains how

the two Koreas,

with their deeply

different political

and social systems

and geopolitical

orientations,

evolved into sharply

contrasting

societies. South

Korea, after an

unpromising start,

became one of the

few postcolonial

developing states to

enter the ranks of

the first world, with

a globally

competitive

economy, a

democratic political

system, and a

cosmopolitan and

dynamic culture.

North Korea, by

contrast, became one of the world's most totalitarian and isolated societies, a nuclear power with an impoverished and famine-stricken population. Seth describes and analyzes the radically different and historically unprecedented trajectories of the two Koreas, formerly one tight-knit society. Throughout, he adds a rare dimension by placing Korean history into broader global perspective. All readers looking for a balanced, knowledgeable history will be richly rewarded with this clear and concise book.

Seoul Searching

Nov 09 2020

Korean cinema as

industry, art form, and cultural product. Kim Ki Duk Oct 01 2022 The author offers an enlightening look at the life and work of filmmaker Kim ki-Duk.

Historical

Dictionary of the Republic of Korea

Aug 26 2019 South

Korea (Republic of Korea) is the more

successful of the two Koreas in both

economic and political terms.

Even the Asian economic crisis of

1997-1998, which hit badly, was

weathered

successfully, and

when the next crisis came along in 2007,

South Korea coped better than many

other countries.

This economic

strength, taken

with the steady

progress of democratization since 1987, indicates that when the peninsula is eventually reunified, as one day it probably will be, a new unified Korea will follow the South Korea model rather than that of North Korea. This fourth edition of Historical Dictionary of the Republic of Korea contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion, and culture. This book

is an excellent resource for students, researchers, and anyone wanting to know more about the Republic of Korea.

A History of Korea

Apr 02 2020 In this comprehensive yet compact book, Michael J. Seth surveys Korean history from Neolithic times to the present. He explores the origins and development of Korean society, politics, and still little-known cultural heritage, showing how this ancient, culturally and ethnically homogeneous society was wrenched into the modern world, ultimately to be arbitrarily divided into two opposed halves after World

War II. Tracing the six decades since, Seth explains how the two Koreas, with their deeply different political and social systems and geopolitical orientations, evolved into sharply contrasting societies.

Throughout, he adds a rich dimension by placing Korean history into broader global perspective and by including primary readings from each era. All readers looking for a balanced, knowledgeable history will be richly rewarded with this clear and concise book.

South Korean Film
Mar 14 2021 *South Korean Film: Critical and Primary Sources* is an essential three-

volume reference collection representing three distinct phases in the development of South Korean national cinema, foregrounding how epochal characteristics inform the way in which the national cinema represents the penetrating thematic concern of auteur-ship, genre, spectatorship, gender, and nation, as well as the way in which these themes find expression in distinct visual styles and forms.

mei Ma analyzes Asian, Asian diaspora, and Orientalist discourse and probes into the conjoinedness of West and East and modernity's illusions. Drawing from Anglo-American, Asian American, and Asian literature, as well as J-horror and manga, Chinese cinema, the internet, and the Korean Wave, Ma's analyses render fluid the two hemispheres of the globe, the twin states of being and nonbeing, and things of value and nonentity. Suspended on the stylistic tightrope between research and poetry, critical analysis and intuition, Asian Diaspora restores

affect and heart to diaspora in between East and West, at-homeness and exilic attrition. Diaspora, by definition, stems as much from socioeconomic and collective displacement as it points to emotional reaction. This book thus challenges the fossilized conceptualizations in area studies, ontology, and modernism.

Rediscovering Korean Cinema

Aug 19 2021 South Korean cinema is a striking example of non-Western contemporary cinematic success. Thanks to the increasing numbers of moviegoers and domestic films produced, South Korea has become one of the world's major film markets.

In 2001, the South Korean film industry became the first in recent history to reclaim its domestic market from Hollywood and continues to maintain around a 50 percent market share today. High-quality South Korean films are increasingly entering global film markets and connecting with international audiences in commercial cinemas and art theatres, and at major international film festivals. Despite this growing recognition of the films themselves, Korean cinema's rich heritage has not heretofore received significant scholarly attention in English-language

publications. This groundbreaking collection of thirty-five essays by a wide range of academic specialists situates current scholarship on Korean cinema within the ongoing theoretical debates in contemporary global film studies. Chapters explore key films of Korean cinema, from *Sweet Dream*, *Madame Freedom*, *The Housemaid*, and *The March of Fools* to *Oldboy*, *The Host*, and *Train to Busan*, as well as major directors such as Shin Sang-ok, Kim Ki-young, Im Kwon-taek, Bong Joon-ho, Hong Sang-soo, Park Chan-wook, and Lee Chang-dong. While the chapters provide in-depth analyses of

particular films, together they cohere into a detailed and multidimensional presentation of Korean cinema's cumulative history and broader significance. With its historical and critical scope, abundance of new research, and detailed discussion of important individual films, *Rediscovering Korean Cinema* is at once an accessible classroom text and a deeply informative compendium for scholars of Korean and East Asian studies, cinema and media studies, and communications. It will also be an essential resource for film industry professionals and anyone interested

in international cinema. [Kim Ki-Duk Feb 22 2022](#)
[Index of Patents Issued from the United States Patent and Trademark Office Dec 23 2021](#)
[Exploiting East Asian Cinemas Dec 11 2020](#) From the 1970s onward, "exploitation cinema" as a concept has circulated inside and outside of East Asian nations and cultures in terms of aesthetics and marketing. However, crucial questions about how global networks of production and circulation alter the identity of an East Asian film as "mainstream" or as "exploitation" have yet to be addressed

in a comprehensive way. Exploiting East Asian Cinemas serves as the first authoritative guide to the various ways in which contemporary cinema from and about East Asia has trafficked across the somewhat-elusive line between mainstream and exploitation. Focusing on networks of circulation, distribution, and reception, this collection treats the exploitation cinemas of East Asia as mobile texts produced, consumed, and in many ways re-appropriated across national (and hemispheric) boundaries. As the processes of globalization have

decoupled products from their nations of origin, transnational taste cultures have declared certain works as “art” or “trash,” regardless of how those works are received within their native locales. By charting the routes of circulation of notable films from Japan, China, and South Korea, this anthology contributes to transnationally-accepted formulations of what constitutes “East Asian exploitation cinema.” *Investigation of Korean-American Relations* Oct 28 2019 Film Trilogies Oct 09 2020 Drawing on a wide range of examples, this book – the first devoted

to the phenomenon of the film trilogy– provides a dynamic investigation of the ways in which the trilogy form engages key issues in contemporary discussions of film remaking, adaptation, sequelization and serialization. Distillers Grains May 04 2020 In recent years, there has been a dramatic increase in grain-based fuel ethanol production in North America and around the world. Whether such production will result in a net energy gain or whether this is sustainable in the long term is under debate, but undoubtedly millions of tons of non-fermented residues are now

produced annually for global trade in the form of distillers dried grains with solubles (DDGS).

Consequently, in a short period of time a tremendous amount of research has been conducted to determine the suitability of ethanol coproducts for various end uses. *Distillers Grains: Production, Properties and Utilization* is the first book of its kind to provide in-depth, and up-to-date coverage of Historical and current status of the fuel ethanol industry in the U.S. Processing methods, scientific principles, and innovations for making fuel ethanol using grains as feedstock Physical

and chemical properties of DDGS, assay methodologies for compositional analyses, and mycotoxin occurrence in DDGS Changes during processing (from grains to DDGS) and analysis of factors causing variations in compositional, nutritional, and physical values Various traditional, new, and emerging uses for DDGS (including feed for cattle, swine, poultry, fish, and other animals, feedstocks for cellulosic ethanol, biodiesel, and other bioenergy production, and substrates for food and industrial uses) Appealing to all who have an interest in fuel

ethanol production, distillers grains, and their uses, this comprehensive reference sharpens the readers' understanding of distillers grains and will promote better utilization of ethanol coproducts. Animal and food scientists, feed and food technologists, ethanol plant managers and technicians, nutritionists, academic and governmental professionals, and college students will find the book most useful.
