*battle of the sexes game theory
wikipedia* Apr 19 2022 in game
theory the battle of the sexes is
a two player coordination game
that also involves elements of
conflict the game was
introduced in 1957 by r duncan
luce and howard raiffa in their
classic book games and
decisions some authors prefer
to avoid assigning sexes to the
players and instead use players
1 and 2 and some refer to the
game as bach or stravinsky
repeated game wikipedia Jul
10 2021 in game theory a
repeated game is an extensive
form game that consists of a
number of repetitions of some
base game called a stage game
the stage game is usually one
of the well studied 2 person
games repeated games capture
