When people should go to the book stores, search introduction by shop, shelf by shelf, it is in fact problematic. This is why we offer the book compilations in this website. It will very ease you to see guide Tesfaye Gebreab Ye Burka Zemita as you such as.

By searching the title, publisher, or authors of guide you really want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be all best area within net connections. If you intention to download and install the Tesfaye Gebreab Ye Burka Zemita, it is agreed easy then, past currently we extend the link to buy and make bargains to download and install Tesfaye Gebreab Ye Burka Zemita for that reason simple!

The Muslim Jesus Mar 18 2022 This work presents in English translation the largest collection ever assembled of the sayings and stories of Jesus in Arabic Islamic literature. In doing so, it traces a tradition of love and reverence for Jesus that has characterized Islamic thought for more than a thousand years. An invaluable resource for the history of religions, the collection documents how one culture, that of Islam, assimilated the towering religious figure of another, that of Christianity. As such, it is a work of great significance for the understanding of both, and of profound implications for modern-day intersecarian relations and ecumenical dialogue. Tarif Khalidi's introduction and commentaries place the sayings and stories in their historical context, showing how and why this "gospel" arose and the function it served within Muslim devotion. The Jesus that emerges here is a compelling figure of deep and life-giving spirituality. The sayings and stories, some 300 in number and arranged in chronological order, show us how the image of this Jesus evolved throughout a millennium of Islamic history.

The Chancellor Mar 26 2020 A New York Times Notable Book The definitive biography of German Chancellor Angela Merkel, detailing the remarkable rise and political brilliance of the most powerful--and elusive--woman in the world. The Chancellor is at once a riveting political biography and an intimate human story of a complete outsider--a research chemist and pastor's daughter raised in Soviet-controlled East Germany--who rose to become the unofficial leader of the West. Acclaimed biographer Kati Marton set out to pierce the mystery of how Angela Merkel achieved all this. And she found the answer in Merkel's political genius: in her willingness to talk with adversaries rather than over them, her skill at negotiating without ever compromising on what's most important to her, her canniness in appointing political rivals to her cabinet and exacting their policies so they have no platform to run against her, the humility to allow others to take credit for things done in tandem, the wisdom to stay out of the papers and off Twitter, and the vision to take advantage of crises to enact bold change. Famously private, the Angela Merkel who emerges in *The Chancellor* is a role model for anyone interested in gaining and keeping power while holding onto one's moral convictions--and for anyone looking to understand how to successfully bridge huge divisions within society. No modern leader has so ably confronted Russian aggression, provided homes to over a million refugees, and calmly unified Europe at a time when other countries are becoming more divided. But Marton also describes Merkel's many challenges, such as her complicated relationship with President Obama, who she at one point refused to speak to. This captivating portrait shows a woman who has survived extraordinary challenges to transform her own country and return it to the global stage. Timely and revelatory, this great morality tale shows the difference an exceptional leader can make for the greater good of a country and the world.

From Beirut to Jerusalem Oct 01 2020 This revised edition of the number-one bestseller and winner of the 1989 National Book Award includes the Pulitzer Prize-winning author's new, updated epilogue. One of the most thought-provoking books ever written about the Middle East, *From Beirut to Jerusalem* remains vital to our understanding of this complex and volatile region of the world. Three-time Pulitzer Prize winner Thomas L. Friedman drew upon his ten years of experience reporting from Lebanon and Israel to write this now-classic work of journalism. In a new afterword, he updates his journey with a fresh discussion of the Arab Awakenings and how they are transforming the area, and a new look at relations between Israelis and Palestinians, and Israelis and Israelis. Rich with anecdote, history, analysis, and autobiography, *From Beirut to Jerusalem* will continue to shape how we see the Middle East for many years to come. "If you're only going to read one book on the Middle East, this is it."--Seymour M. Hersh

Alexander Magnus Arabicus Jun 28 2020 The life and exploits of the Macedonian King Alexander the Great were recorded and passed down in the legendary biography, known as the Alexander Romance of Pseudo-Callisthenes. During the Middle Ages the Romance became extremely popular, after its Greek original had been translated and elaborated in numerous versions and vernaculars. Alexander's fame spread all over Europe, the Middle East, Africa and Central and South East Asia. In this study the focus is on the Arabic tradition. For the first time this field of research has now been explored in all its details, resulting in a complete survey and classification of this rich tradition. The book is written as a quest. It presents the process of tracing manuscripts and texts, some of which were considered lost, others still unknown. One of the major results is the discovery of manuscripts of the long sought for Arabic translation of Pseudo-Callisthenes' Alexander Romance. By this find the author proved the survival of this text, reconstructed its stemma and investigated its character and provenance. Another merit of this study is the portrayal of Alexander, as he occurs in all different genres of Arabic and Islamic literature. A classification of the texts, a detailed analysis and

many translated episodes offer the reader a coherent view on this literature, that shows Alexander on time as a pre-Islamic world conqueror, another as a seeker of Wisdom and even as a religious messenger. Finally, there is a summary of an Arabic folk epic, *Sirat al-Iskandar*, which demonstrates the complete incorporation of Alexander as the protagonist of a specimen of Arab popular lore. This survey of the Arabic Alexander tradition complies with a long felt need among scholars of Medieval Studies, Islamic Studies, Comparative Literature, as well as among classicists, historians, orientalists and anyone interested in the legacy of Alexander.

No Place to Hide Jun 16 2019 A groundbreaking look at the NSA surveillance scandal, from the reporter who broke the story, Glenn Greenwald, star of *Citizenfour*, the Academy Award-winning documentary on Edward Snowden In May 2013, Glenn Greenwald set out for Hong Kong to meet an anonymous source who claimed to have astonishing evidence of pervasive government spying and insisted on communicating only through heavily encrypted channels. That source turned out to be the 29-year-old NSA contractor and whistleblower Edward Snowden, and his revelations about the agency's widespread, systemic overreach proved to be some of the most explosive and consequential news in recent history, triggering a fierce debate over national security and information privacy. As the arguments rage on and the government considers various proposals for reform, it is clear that we have yet to see the full impact of Snowden's disclosures. Now for the first time, Greenwald fits all the pieces together, recounting his high-intensity ten-day trip to Hong Kong, examining the broader implications of the surveillance detailed in his reporting for *The Guardian*, and revealing fresh information on the NSA's unprecedented abuse of power with never-before-seen documents entrusted to him by Snowden himself. Going beyond NSA specifics, Greenwald also takes on the establishment media, excoriating their habitual avoidance of adversarial reporting on the government and their failure to serve the interests of the people. Finally, he asks what it means both for individuals and for a nation's political health when a government pries so invasively into the private lives of its citizens—and considers what safeguards and forms of oversight are necessary to protect democracy in the digital age. Coming at a landmark moment in American history, *No Place to Hide* is a fearless, incisive, and essential contribution to our understanding of the U.S. surveillance state.

Darkness in El Dorado May 28 2020 Examines the destructive impact of journalists, anthropologists, and scientists on the Yamomami Indians, one of the Amazon basin's oldest tribes, whose internecine warfare was triggered by repeated visits by the world's leading anthropologists and by the Atomic Energy Commission's plans to use the tribe in radiation studies. Reprint.

Antigones Oct 21 2019 According to Greek legend, Antigone, the daughter of Oedipus, secretly buried her brother in defiance of the order of Creon, king of Thebes. Sentenced to death by Creon, she forestalled him by committing suicide. The theme of the conflict between Antigone and Creon--between the state and the individual, between man and woman, between young and old--has captured the Western imagination for more than 2000 years. George Steiner here examines the far-reaching legacy of this great classical myth. He considers its treatment in Western art, literature, and thought--in drama, poetry, prose, philosophic discourse, political tracts, opera, ballet, film, and even the plastic arts. A study in poetics and in the philosophy of reading, *Antigones* leads us to look again at the influence the Greek myths exercise on twentieth-century culture. "A remarkable feat of intellectual agility."--*Washington Post Book World* "[An] intellectually demanding but rewarding book. . . consistently stimulating and sometimes disturbing."--*The New Republic* "An. . . account of the various treatments of the Antigone theme in European languages. . . Penetrating and novel."--*The New York Times Book Review* "A tradition of intelligence and style lives in this prolific man."--*Los Angeles Times* "Antigones triumphantly demonstrates that Antigone could fill several volumes of study without becoming tedious or exhausted."--*The New York Review of Books*

Commun(ica)ting Bodies Feb 23 2020 As a basic medium of human interaction, the body is fundamental to socio-cultural communication systems, in particular the communication system of religion. This innovative and ground-breaking volume studies these systems and the role that the body plays in their organization through the perspective of the concept of body as a medium and by drawing on media and communication theory.

Lenin on the Train Dec 03 2020 "A gripping, meticulously researched account of Lenin's fateful rail journey from Zurich to Petrograd, where he ignited the Russian Revolution and forever changed the world. In April 1917, as the Russian Tsar Nicholas II's abdication sent shockwaves across war-torn Europe, the future leader of the Bolshevik revolution Vladimir Lenin was far away, exiled in Zurich. When the news reached him, Lenin immediately resolved to return to Petrograd and lead the revolt. But to get there, he would have to cross Germany, which meant accepting help from the deadliest of Russia's adversaries. Germany saw an opportunity to further destabilize Russia by allowing Lenin and his small group of revolutionaries to return. Now, drawing on a dazzling array of sources and never-before-seen archival material, renowned historian Catherine Merridale provides a riveting, nuanced account of this enormously consequential journey--the train ride that changed the world--as well as the underground conspiracy and subterfuge that went into making it happen. Writing with the same insight and formidable intelligence that distinguished her earlier works, she brings to life a world of counter-espionage and intrigue, wartime desperation, illicit finance, and misguided utopianism. This was the moment when the Russian Revolution became Soviet, the genesis of a system of tyranny and faith that changed the course of Russia's history forever and transformed the international political climate"--

The Moment of Lift Jan 24 2020 **NEW YORK TIMES BESTSELLER** "In her book, Melinda tells the stories of the inspiring people she's met through her work all over the world, digs into the data, and powerfully illustrates issues that need our attention—from child marriage to gender inequity in the workplace." — President Barack Obama "The Moment of Lift is an urgent call to courage. It changed how I think about myself, my family, my work, and what's possible in the world. Melinda weaves together vulnerable, brave storytelling and compelling data to make this one of those rare books that you carry in your heart and mind long after the last page." — Brené Brown, Ph.D., author of the *New York Times* #1 bestseller *Dare to Lead* "Melinda Gates has spent many years working with women around the world. This book is an urgent manifesto for an equal society where women are valued and recognized in all spheres of life. Most of all, it is a call for unity, inclusion and connection. We need this message more than ever." — Malala Yousafzai "Melinda Gates's book is a lesson in listening. A powerful, poignant, and ultimately humble call to arms." — Tara Westover, author of the *New York Times* #1 bestseller *Educated* A debut from Melinda Gates, a timely and necessary call to action for women's empowerment. "How can we summon a moment of lift for human beings – and especially for women?"

Because when you lift up women, you lift up humanity.” For the last twenty years, Melinda Gates has been on a mission to find solutions for people with the most urgent needs, wherever they live. Throughout this journey, one thing has become increasingly clear to her: If you want to lift a society up, you need to stop keeping women down. In this moving and compelling book, Melinda shares lessons she’s learned from the inspiring people she’s met during her work and travels around the world. As she writes in the introduction, “That is why I had to write this book—to share the stories of people who have given focus and urgency to my life. I want all of us to see ways we can lift women up where we live.” Melinda’s unforgettable narrative is backed by startling data as she presents the issues that most need our attention—from child marriage to lack of access to contraceptives to gender inequity in the workplace. And, for the first time, she writes about her personal life and the road to equality in her own marriage. Throughout, she shows how there has never been more opportunity to change the world—and ourselves. Writing with emotion, candor, and grace, she introduces us to remarkable women and shows the power of connecting with one another. When we lift others up, they lift us up, too.

The Nile River Basin Jun 21 2022 The Nile is the world’s longest river and sustains the livelihoods of millions of people across ten countries in Africa. This book provides unique and up-to-date insights on agriculture, water resources, governance, poverty, productivity, upstream-downstream linkages, innovations, future plans and their implications.

*The Shattering: America in the 1960s Aug 11 2021 A Kirkus Reviews Best Nonfiction Book of the Year From the National Book Award winner, a masterful history of the decade whose conflicts shattered America’s postwar order and divide us still. On July 4, 1961, the rising middle-class families of a Chicago neighborhood gathered before their flag-bedecked houses, a confident vision of the American Dream. That vision was shattered over the following decade, its inequities at home and arrogance abroad challenged by powerful civil rights and antiwar movements. Assassinations, social violence, and the blowback of a “silent majority” shredded the American fabric. Covering the late 1950s through the early 1970s, *The Shattering* focuses on the period’s fierce conflicts over race, sex, and war. The civil rights movement develops from the grassroots activism of Montgomery and the sit-ins, through the violence of Birmingham and the Edmund Pettus Bridge, to the frustrations of King’s Chicago campaign, a rising Black nationalism, and the Nixon-era politics of busing and the Supreme Court. The Vietnam war unfolds as Cold War policy, high-stakes politics buffeted by powerful popular movements, and searing in-country experience. Americans’ challenges to government regulation of sexuality yield landmark decisions on privacy rights, gay rights, contraception, and abortion. Kevin Boyle captures the inspiring and brutal events of this passionate time with a remarkable empathy that restores the humanity of those making this history. Often they are everyday people like Elizabeth Eckford, enduring a hostile crowd outside her newly integrated high school in Little Rock, or Estelle Griswold, welcoming her arrest for dispensing birth control information in a Connecticut town. Political leaders also emerge in revealing detail: we track Richard Nixon’s inheritances from Eisenhower and his debt to George Wallace, who forged a message of racism mixed with blue-collar grievance that Nixon imported into Republicanism. *The Shattering* illuminates currents that still run through our politics. It is a history for our times.*

*Madison’s Sorrow Jul 18 2019 “Essential reading” —Booklist (starred) “Kevin O’Leary tells this complex and alarming story brilliantly.” —Robert Kuttner “O’Leary could not be more timely...” —Norman Ornstein “This beautifully written book is a must-read...” —Erwin Chemerinsky An eye-opening cultural history of the political revolution that has destroyed the Republican Party and unleashed an illiberal crusade against the ideals of the Founding Fathers. The story of America is the struggle between our liberal ideal and illiberal resistance. Donald Trump catalyzed a reactionary revolution by tapping into the dark, shadowy side of American democracy that embraces exclusion and inequality. Throughout American history these alarming impulses have come to the forefront of our culture—during the Civil War, the era of the Robber Barons, and the Civil Rights Movement—but have now come to fruition in the presidency of Donald Trump. Arguing that the contemporary Republican Party is waging a counterrevolution against the core beliefs of the nation, journalist and scholar Kevin C. O’Leary cracks open American history to reveal the essence of America’s liberal heritage by critiquing the reactionary illiberal currents that periodically threaten American democracy. American politics is no longer an ongoing debate between liberals and conservatives because the new Republican Party embraces the feudal values of the Old World. While there are millions of conservatives in the population, the elected leadership of the GOP is deeply reactionary. Today’s marriage of white-identity Southerners and their northern allies to moneyed libertarians is no run-of-the-mill political partnership. Instead, it is extraordinarily dangerous. Clearly, conservatives have lost their party. And without conservatives debating liberals in an intellectual, respectful manner to address the nation’s problems, Madisonian democracy breaks down. A stimulating reinterpretation of the American experience, *Madison’s Sorrow* exposes the intellectual and moral deficiencies of the illiberal right while offering a robust defense of the liberal tradition.*

Nationalism and Democracy May 20 2022 This book sheds light on the complicated, multi-faceted relationship between nationalism and democracy by examining how nationalism in various periods and contexts shapes, or is shaped by, democratic practices or the lack thereof. This book examines nationalism’s relationship with democracy using three approaches: The challenge of democracy for sub-state nationalism: analyzing the circumstances under which sub-state nationalism is compatible with democracy, and assessing the democratic implications of various nationalist projects. The impact of state nationalism on democratic practices: examining the implications of state nationalism for democracy, both in countries where liberal democratic principles and practices are well-established and where they are not. Understanding how state nationalism affects democratization processes and what impact sub-state nationalism has in these contexts. Featuring a range of case studies on Western, Eastern and Central Europe, Russia, African and the Middle East, this book will be of interest to students and scholars of political science, sociology, nationalism and democracy.

What Unites Us Dec 23 2019 AN INSTANT NEW YORK TIMES BESTSELLER “I find myself thinking deeply about what it means to love America, as I surely do.” —Dan Rather At a moment of crisis over our national identity, venerated journalist Dan Rather has emerged as a voice of reason and integrity, reflecting on—and writing passionately about—what it means to be an American. Now, with this collection of original essays, he reminds us of the principles upon which the United States was founded. Looking at the freedoms that define us, from the vote to the press; the values that have transformed us, from empathy to inclusion to service; the institutions that sustain us, such as public education; and the traits that helped form our young country, such as the audacity to take on daunting challenges in science and medicine, Rather brings to bear his decades of experience on the frontlines of the world’s biggest stories. As a living witness to historical change, he offers up an intimate

view of history, tracing where we have been in order to help us chart a way forward and heal our bitter divisions. With a fundamental sense of hope, *What Unites Us* is the book to inspire conversation and listening, and to remind us all how we are, finally, one.

Unthinkable Nov 02 2020 A #1 NEW YORK TIMES BESTSELLER. In this searing memoir, Congressman Jamie Raskin tells the story of the forty-five days at the start of 2021 that permanently changed his life—and his family's—as he confronted the painful loss of his son to suicide, lived through the violent insurrection in our nation's Capitol, and led the impeachment effort to hold President Trump accountable for inciting the political violence. On December 31, 2020, Tommy Raskin, the only son of Maryland Congressman Jamie Raskin, tragically took his own life after a long struggle with depression. Seven days later on January 6, Congressman Raskin returned to Congress to help certify the 2020 Presidential election results, when violent insurrectionists led by right wing extremist groups stormed the U.S. Capitol hoping to hand four more years of power to President Donald Trump. As our reeling nation mourned the deaths of numerous people and lamented the injuries of more than 140 police officers hurt in the attack, Congressman Raskin, a Constitutional law professor, was called upon to put aside his overwhelming grief—both personal and professional—and lead the impeachment effort against President Trump for inciting the violence. Together this nine-member team of House impeachment managers riveted a nation still in anguish, putting on an unprecedented Senate trial that produced the most bipartisan Presidential impeachment vote in American history. Now for the first time, Congressman Raskin discusses this unimaginable convergence of personal and public trauma, detailing how the painful loss of his son and the power of Tommy's convictions fueled the Congressman's work in the aftermath of modern democracy's darkest day. Going inside Congress on January 6, he recounts the horror of that day, a day that he and other Democrats had spent months preparing for under the correct assumption that they would encounter an attempted electoral coup—not against a President but for one. And yet, on January 6, he faced the one thing he had failed to anticipate: mass political violence designed to block Biden's election. With an inside account of leading the team prosecuting President Trump in the Senate, Congressman Raskin shares never before told stories of just how close we came to losing our democracy that fateful day and lays out the methodical prosecution that convinced Democrats and Republicans alike of Trump's responsibility for inciting insurrectionary violence against our government. Through it all, he reckons with the loss of his brilliant, remarkable son, a Harvard Law student whose values and memory continually inspired the Congressman to confront the dark impulses unleashed by Donald Trump. At turns, a moving story of a father coping with his pain and a revealing examination of holding President Trump accountable for the violence he fomented, this book is a vital reminder of the ongoing struggle for the soul of American democracy and the perseverance that our Constitution demands from us all.

Dentists Apr 19 2022 Open wide! Dentists care for people's teeth. Give readers the inside scoop on what it's like to be a dentist. Readers will learn what dentists do, the tools they use, and how people get this exciting job.

The Naked Don't Fear the Water Jul 10 2021 A NYTBR Editor's Choice "This is a book of radical empathy, crossing many borders – not just borders that separate nations, but also borders of form, borders of meaning, and borders of possibility. It is powerful and humane and deserves to find a wide, wandering readership." — Mohsin Hamid, author of *Exit West* In this extraordinary book, an acclaimed young war reporter chronicles a dangerous journey on the smuggler's road to Europe, accompanying his friend, an Afghan refugee, in search of a better future. In 2016, a young Afghan driver and translator named Omar makes the heart-wrenching choice to flee his war-torn country, saying goodbye to Laila, the love of his life, without knowing when they might be reunited again. He is one of millions of refugees who leave their homes that year. Matthieu Aikins, a journalist living in Kabul, decides to follow his friend. In order to do so, he must leave his own passport and identity behind to go underground on the refugee trail with Omar. Their odyssey across land and sea from Afghanistan to Europe brings them face to face with the people at heart of the migration crisis: smugglers, cops, activists, and the men, women and children fleeing war in search of a better life. As setbacks and dangers mount for the two friends, Matthieu is also drawn into the escape plans of Omar's entire family, including Maryam, the matriarch who has fought ferociously for her children's survival. Harrowing yet hopeful, this exceptional work brings into sharp focus one of the most contentious issues of our times. *The Naked Don't Fear the Water* is a tale of love and friendship across borders, and an inquiry into our shared journey in a divided world.

The Family Roe: An American Story Mar 06 2021 A masterpiece of reporting on the Supreme Court's most divisive case, *Roe v. Wade*, and the unknown lives at its heart. Despite her famous pseudonym, no one knows the truth about "Jane Roe," Norma McCorvey (1947–2017), whose unwanted pregnancy in 1970 opened a great fracture in American life. Journalist Joshua Prager spent years with Norma, discovered her personal papers, a previously unseen trove, and witnessed her final moments. With an explosive revelation at the core of the case, he tells her full story for the first time. Prager also traces Roe's fifty-year trajectory through three compelling figures: feminist lawyer Linda Coffee, who filed the original Texas lawsuit yet now lives in obscurity; Curtis Boyd, a former fundamentalist Christian, today a leading provider of third-trimester abortions; and Mildred Jefferson, the first Black female Harvard Medical School graduate, who became a pro-life leader with great secrets. Essential to our understanding of this key debate, the right to choose or the right to life, *The Family Roe* will change the way you think about our enduring American divide.

Early Yorkshire Charters: Volume 6, The Paynel Fee Jul 30 2020 Published in thirteen volumes (1914-65), this extensive and highly regarded series contains charters and deeds from pre-thirteenth-century Yorkshire.

There Is Nothing for You Here Sep 19 2019 A celebrated foreign policy expert and key impeachment witness reveals how declining opportunity

has set America on the grim path of modern Russia--and draws on her personal journey out of poverty, and her unique perspectives as an historian and policy maker, to show how we can return hope to our forgotten places.

Dreamland (YA edition) Feb 05 2021 As an adult book, Sam Quinones's *Dreamland* took the world by storm, winning the NBCC Award for General Nonfiction and hitting at least a dozen Best Book of the Year lists. Now, adapted for the first time for a young adult audience, this compelling reporting explains the roots of the current opiate crisis. In 1929, in the blue-collar city of Portsmouth, Ohio, a company built a swimming pool the size of a football field; named *Dreamland*, it became the vital center of the community. Now, addiction has devastated Portsmouth, as it has hundreds of small rural towns and suburbs across America. How that happened is the riveting story of *Dreamland*. Quinones explains how the rise of the prescription drug OxyContin, a miraculous and extremely addictive painkiller pushed by pharmaceutical companies, paralleled the massive influx of black tar heroin--cheap, potent, and originating from one small county on Mexico's west coast, independent of any drug cartel. Introducing a memorable cast of characters--pharmaceutical pioneers, young Mexican entrepreneurs, narcotics investigators, survivors, teens, and parents--*Dreamland* is a revelatory account of the massive threat facing America and its heartland.

Killing the SS Apr 07 2021 *The Instant #1 New York Times Bestseller* (October 2018) Confronting Nazi evil is the subject of the latest installment in the mega-bestselling *Killing* series As the true horrors of the Third Reich began to be exposed immediately after World War II, the Nazi war criminals who committed genocide went on the run. A few were swiftly caught, including the notorious SS leader, Heinrich Himmler. Others, however, evaded capture through a sophisticated Nazi organization designed to hide them. Among those war criminals were Josef Mengele, the "Angel of Death" who performed hideous medical experiments at Auschwitz; Martin Bormann, Hitler's brutal personal secretary; Klaus Barbie, the cruel "Butcher of Lyon"; and perhaps the most awful Nazi of all: Adolf Eichmann. *Killing the SS* is the epic saga of the espionage and daring waged by self-styled "Nazi hunters." This determined and disparate group included a French husband and wife team, an American lawyer who served in the army on D-Day, a German prosecutor who had signed an oath to the Nazi Party, Israeli Mossad agents, and a death camp survivor. Over decades, these men and women scoured the world, tracking down the SS fugitives and bringing them to justice, which often meant death. Written in the fast-paced style of the *Killing* series, *Killing the SS* will educate and stun the reader. The final chapter is truly shocking.

An Excellent Mystery Aug 23 2022 In the hot, dry August of 1141, England is still torn by civic strife. Amidst the carnage the Abbey of Hyde Meade is totally destroyed; its resident brothers dispersed, finding refuge in the Abbey of Shrewsbury. But Brother Cadfael realizes that two of these refugees are not all that they appear to be.

The Arabic Hermes Sep 12 2021 This is the first major study devoted to the early Arabic reception and adaption of the figure of Hermes Trismegistus, the legendary Egyptian sage to whom were ascribed numerous works on astrology, alchemy, talismans, medicine, and philosophy. Before the more famous Renaissance European reception of the ancient Greek Hermetica, the Arabic tradition about Hermes and the works under his name had been developing and flourishing for seven hundred years. The legendary Egyptian Hermes Trismegistus was renowned in Roman antiquity as an ancient sage whose teachings were represented in books of philosophy and occult science. The works in his name, written in Greek by Egyptians living under Roman rule, subsequently circulated in many languages and regions of the Roman and Sasanian Persian empires. After the rise of Arabic as a prestigious language of scholarship in the eighth century, accounts of Hermes identity and Hermetic texts were translated into Arabic along with the hundreds of other works translated from Greek, Middle Persian, and other literary languages of antiquity. Hermetica were in fact among the earliest translations into Arabic, appearing already in the eighth century. This book explains the origins of the Arabic myth of Hermes Trismegistus, its sources, the reasons for its peculiar character, and its varied significance for the traditions of Hermetica in Asia and northern Africa as well as Europe. It shows who pre-modern Arabic scholars thought Hermes was and how they came to that view.

Dictionary of Arabic and Allied Loanwords Oct 13 2021 One of the main cultural consequences of the contacts between Islam and the West has been the borrowing of hundreds of words, mostly of Arabic but also of other important languages of the Islamic world, such as Persian, Turkish, Berber, etc. by Western languages. Such loanwords are particularly abundant and relevant in the case of the Iberian Peninsula because of the presence of Islamic states in it for many centuries; their study is very revealing when it comes to assess the impact of those states in the emergence and shaping of Western civilization. Some famous Arabic scholars, above all R. Dozy, have tackled this task in the past, followed by other attempts at increasing and improving his pioneering work; however, the progresses achieved during the last quarter of the 20th c., in such fields as Andalusi and Andalusi Romance dialectology and lexicology made it necessary to update all the available information on this topic and to offer it in English.

Pilcrow Exp Nov 14 2021 Growing up disabled and gay in the 1950s, circumstances force John Cromer from an early age to develop an intense and vivid internal world. As his character develops, this ability to transcend external circumstance through his own strength of character proves invaluable.
